

## **Broomhaugh C E First School Sports Funding Grant**

The government has allocated funding to each school for developing high quality P.E. This is to develop sports activities within the school environment to encourage children to be fit for life.

### **PE and Sports Funding Grant 2017-18**

This year we have been allocated £16,000

#### **How this funding is being used:**

We intend to use this money to:

- provide specialist P.E. teachers each half term to support and enhance the delivery of the P.E. curriculum = £6,500
- provide an after school club with specialist teacher.
- provide professional development opportunities for staffing P.E. and sport.
- increase opportunities for children to work with children from other schools.
- provide transport so children can take part in competitions with other schools in the partnership
- provide Forest School activities (Autumn Term) for all children to develop physical skills and team co-operation

The impact of this provision will be monitored throughout the year by the Headteacher and reported to Governors.

### **PE and Sports Funding Grant allocation for 2016-17**

This year we were allocated £8,000

This grant enabled us to provide

- Specialist coaching for every class in the school
- Purchase extra sports equipment for use in the PE lessons and at playtimes
- Send staff on training which they can then implement during their PE lessons
- fund after school sports clubs for all children in school to have the opportunity to attend
- Provide transport to enable children to attend sporting events with other schools e.g. Hexham partnership swimming gala
- Signpost children to out of hours activities and events

A week of sports was held in the summer term to give children exercise and the opportunity to try new sporting activities.

### **Impact of Provision**

The provision made in 2016 - 2017 and the positive impact on the confidence, pride, physical ability and health will be sustained in 2017 - 2018 by ensuring half-termly planning enables children to partake in sporting events and opportunities.

Our children, through the our PE activities, enables us to offer a variety of sports and skills. These skills are reflected in the classroom through physical fine motor control and through the attitude to have a go and persevere. Self-esteem and confidence are boosted and this is transferred to work in the classroom. The children also develop their stamina and physical ability to cope with a demanding curriculum. Physical health and well-being are enhanced. The children engage in fun activities and develop a respect for sport and physical activity.

Children are given the opportunity through the Sports Premium funding to travel to competitions and events. This instills team work, leadership, participation and skills as well as pride of being part of the Broomhaugh School's Community. These events have led to children practising to perfect their skills and included all children.

Achievements are celebrated at School; both the good team spirit and the taking part.

## PE and Sports Funding Grant: 2015 - 2016 Allocated £8305.00

We have utilised this funding to:

☐ hire specialist qualified sports coaches to work with teachers when teaching

PE for example a fully qualified and experienced tennis coach

☐ supporting and engaging children in lessons that signpost club membership

for example football and tennis

☐ funding professional development opportunities for staff for example

observing coaches, observing other staff and working with external agencies

☐ providing cover to staff for professional development in PE

☐ joining in with Partnership events to promote healthy lifestyle eg. 'Run for

Fun' at Wentworth Sports Centre

☐ buying materials for PE and sport and outdoor activities such as new PE

mats, play equipment for use at break times and footballs and tennis balls

The impact of this spending can be seen:

☐ the high percentage of children engaging in PE and Sport extra-curricular

activities outside the normal school day but on-site

☐ in the numbers of children engaging in PE and Sport out of school

☐ the quality and range of expertise staff at Broomhaugh have

☐ the quality and range of extra-curricular activities available at Broomhaugh  
C E First School

☐ the quality and range of resources including opportunities for outdoor self-initiated play to improve fitness and stamina during less structured times of the day for example lunchtime

☐ all children, even those with special needs were able to access all levels of activity.

☐ The school held an active week in the summer term to further develop skills and interests

---

PE and Sports Funding Grant: 2014 - 2015

Allocated £8086.00

This grant was used

☐ to take children to sporting activities

☐ use coaches and external teachers

☐ train school staff in PE activities and how to develop skills

☐ purchasing new equipment for children to use in lesson and at playtimes

The impact of this spending was that

☐ children participated in and enjoyed a variety of sports

☐ children were aware of how to keep fit

☐ children were more aware of what to eat to give them energy and  
keep  
healthy
