I am going to this beach. Follow the clues to find out where it is!

I am at the star. I go three squares south and one square west.

Where am I?

Which continent is it in?

A world map with a grid of squares. A yellow star is located in the Arctic Ocean, four squares north of the equator and four squares east of the Prime Meridian. A red dot is located in the Pacific Ocean, four squares south of the equator and four squares west of the Prime Meridian. A compass rose in the bottom left shows North, South, East, and West. The map is labeled with continents and oceans: North America, South America, Europe, Africa, Asia, Australia, Antarctica, Arctic Ocean, Atlantic Ocean, Indian Ocean, and Pacific Ocean. A small photo of a sandy beach is in the bottom left corner.
