Maths challenges
Week beginning 1.6.20

This week our maths challenges are connected with the story, 'The Snail and the Whale'.
These activities and resources can be found on the White Rose Maths website https://whiterosemaths.com/homelearning/early-years/ Section: Summer term week 6

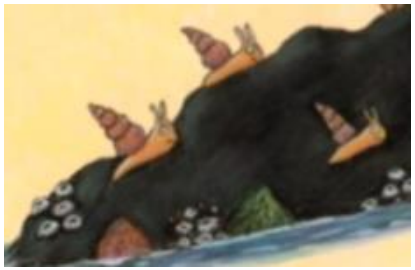

Remember to choose activities that suit your household/daily routine and don't forget to share your results with Mrs Errington on EYFS 360 or via email!

Spiral patterns

Can you make a spiral pattern?
Can you cut a spiral pattern?
Can you eat a spiral pattern?

Addition

Can you add 2 single digit numbers together?
3+7=
5+9=

Tally charts: Spot the dangers

Can you spot the dangers in the story?
Write a numbered list or make a tally chart.
How many dangers did you find?

Odd and even numbers

Can you count the objects and identify if it is an odd or even amount?

Positional language

The snail cannot see the worm. Can you describe the position of the worm to the snail?
