

Check 'Busy Things' on school360 each week for exciting games and opportunities. If I haven't pinned a specific activity in the classroom then feel free to explore the different games and activities on there.

Create a special place in your home or garden to sit, reflect and be still with your family.
Share some photos with us on tapestry.

How many different minibeasts can you find in your garden?

Choose a space in your garden to search for different minibeasts. Make a tally of the different creatures you find. Which is your favourite? Find out some facts about the creatures you find and make a poster to share with others.

Find out about the different types of bug hotels you can create by safely searching the internet. Collect resources needed and get building.

Choose your favourite, flower, plant, tree or minibeast and get creative! You might recreate it using playdough, paint a picture or even bake biscuits to represent it. Don't forget to share your results on Tapestry!

Can you create an edible rainbow?

How many different colours can you add to your plate before eating it?
